We have been happily selling canal-friendly cleaning products from our narrowboat *Tia* for six years. Our portfolio has grown to its largest ever range and 2012 sees us stocking several new products alongside your old favourites. Carol has also started making **Jewellery** and **Sun Catchers** and in August *CarTia* and *Tia* are both booked into **The Blisworth Canal Festival**.

The 'New Blue Loo Co' has brought out a new citrus **Boat Wash** to complement its range of 'friendly bacteria' based toilet fluids, sachets, cleaners and sanitizers. *A total solution to your on-board sanitary needs.*

**Bio D** have, at last, produced one litre bottles of their very popular **Disinfectant**, which we have been selling as refill-only for quite some time. It's got the power you need without the detrimental effects on the environment; and it smells great too!

Did you know you can use **ECOVER Laundry Bleach** for many things such as unblocking sinks, cleaning unsightly tea and coffee stains off of cups and teaspoons and, yes, it's also brilliant for keeping those Laundry whites, white.

**ECOVER** are developing and rebranding their range of personal cleaning products; calling them "Mizu". We look forward to stocking them during the summer as they become available from our supplier, **Suma**.

Lastly, a massive thank you to all our customers who have supported us throughout the last six years. We look forward to seeing you all again very soon!
